Other customizations	no	no	yes

[1] All prices exclude 27% VAT if applicable, purchase possible through bank transfer or card payment.

[2] A team is a software delivery team that uses SpecSync with up to 10 members. For teams with more than 10 members, the necessary number of licenses has to be calculated based on the number of people: every 10 people counts as one team (rounded up). E.g. if 16 people forms a team, 2 project licenses are needed.

[3] Scenario Outlines count as one scenario.
